

Master of Social Work

UNE's Online Master of Social Work program has a strong commitment to excellence in online education. Our combination of expert faculty, advanced technology and high-quality course content ensures that the education received by our online student body is unparalleled.

UNE's online Master of Social Work program is focused on transforming values into action. We are committed to universal human rights, social and economic justice, and enhancing the physical, emotional, and social well-being of people and communities. UNE gives students the experience and knowledge to have a tangible, positive effect on the world we live in.

SOS (Simulated and On-Site) Practicum is an innovative and groundbreaking opportunity for field students. This simulated seminar / placement is grounded in an experiential and immersive learning environment aligned with the core competencies of social work as designated by the Council on Social Work Education (CSWE).

PROGRAM HIGHLIGHTS:

- 100% online, asynchronous format
- No GRE required
- CSWE-accredited
- 6 Enrollment periods per year
- Three field experience options:
Traditional, Block, and Simulation and On-site (SOS)
- Advanced Standing students can complete the program in 16-24 months and Traditional students can in 32-48 months (see curricula on the back)
- Interactive, multi-media course delivery
- Interprofessional elective options available
- Practicum planning and support embedded within the program
